

*Straight Wire Seminars™* Presents:

# Ask the Expert ...

An Orthodontic Study Group  
for General Dentists

**by Dr. Maurice C. Corbett**

Orange, CA

Study Group Meets:

March 8-9, 2012

June 28-29, 2012

September 20-21, 2012

December 6-7, 2012

## About the Study Group

### Stay Current on Modern Treatment Options

The "Ask the Expert" orthodontic study group provides General Practitioners a supportive environment to remain current in the ever-changing field of orthodontics. Dr. Corbett will personally review select cases supplied by you, and your peers, covering everything from diagnosis to case finishing and retention. Each session will also contain lectures on various advancements in orthodontic products and current techniques. Hands-on workshops will allow you to practice what you learn, and also improve your understanding of each orthodontic technique.

"Ask The Expert" study groups are appropriate for General Practitioners at any skill level that have completed introductory orthodontics courses.

### Study Group Objectives:

At the conclusion of each study group, participants will have received:

- Professional evaluation of case diagnosis, treatment planning, and case progression
- Mentoring in a small group environment alongside peers
- A review of new orthodontic appliances and methods to strengthen and enhance knowledge
- A hands-on workshop to further develop orthodontic techniques

## Get the Most Out of Your Education

You have invested hard work, time, and money in your education. Don't let it go to waste. Whether you are fresh out of an introductory orthodontic training program, or you have been practicing orthodontics for years, there are always new ideas, techniques, and technologies that can help you improve your skills, bottom line, and increase the services you offer to your patients.

*Straight Wire Seminars* was established in 1979 as a continuing education provider specializing in the orthodontic needs of the General Dentist. Today, our nationally accredited courses deliver outstanding orthodontic education to General Practitioners and their staff. Contact *Straight Wire Seminars* today at **877.448.8606**, or visit **[StraightWireSeminars.com](http://StraightWireSeminars.com)** to review a full list of all courses offered.

## About the Instructor

### Dr. Maurice C. Corbett

Dr. Corbett is a world-renowned Orthodontist, and one of the most respected instructors in the orthodontic industry. He has been instrumental in educating doctors on the Straight Wire Technique, which is the industry standard. Dr. Corbett is a graduate of the University of California Dental School. In addition, he completed his postdoctoral orthodontic program at the University of California and has served on the pedodontic faculty. He is published in multiple professional journals and newsletters and is a co-founder of the Foundation for Advanced Continuing Education (F.A.C.E.). Dr. Corbett has lectured throughout the United States and 41 foreign countries.
